

your DIRECT PRIMARY CARE network

Powerful Risk Management

A Milliman Study found that DPC models like Trilogy Direct significantly reduce overall healthcare costs compared to PPO plans.

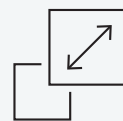

By helping employees stay healthier and avoid costly interventions, Trilogy Direct lowers overall claim volume and supports more favorable stop-loss pricing, with some stop loss carriers offering immediate premium reductions for participating employers.

Expanded Access

Through a robust Direct Primary Care (DPC) *network* - including brick & mortar, at-home and virtual options - Trilogy Direct gives your employees more flexibility in selecting a DPC that is right for them and their family.

Scaleable Care

Trilogy Direct empowers Wisconsin employers to enhance their benefits while supporting a growing and geographically dispersed workforce. Whether your team is full-time, part-time, or seasonal, our model supports recruitment, retention, and growth—wherever your workforce goes.

Real Value

Trilogy Direct is designed to make your healthcare costs more predictable and manageable. Our pricing model offers significant cost savings from day one compared to a typical employer-to-DPC contract.
